[Download software](#)

Hello,

Please find below instructions on how to download and install the CADSTAR Express Software (v2019) as requested.

1. Select the download button above to download the software
2. The password required to complete the software installation is:

12B83KM
(case sensitive) **Копирайте**

Ще Ви бъде необходимо при въвеждане на Password

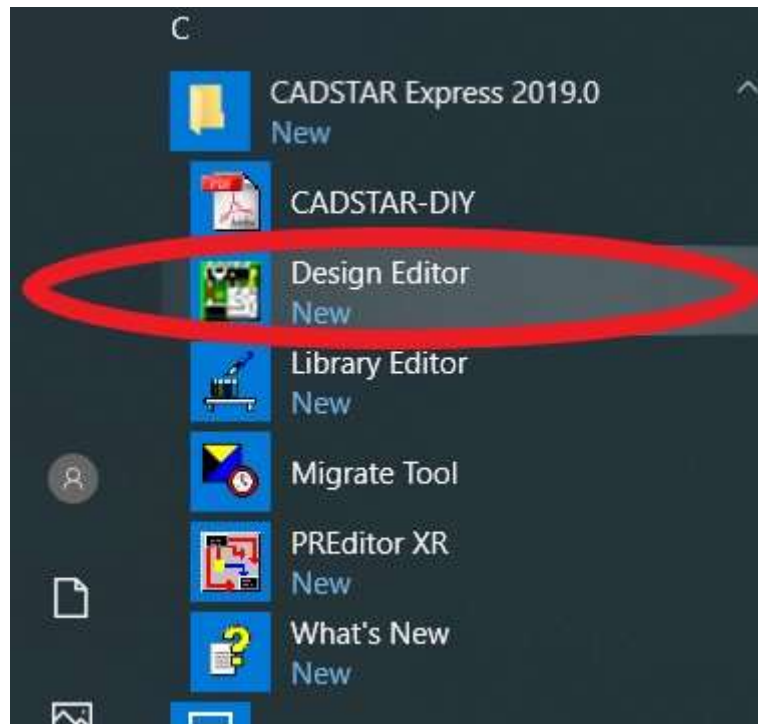

The software will now install...

A Do-it-yourself Training Manual has been incorporated within CADSTAR Express to help you get the most from the software. It will open automatically when CADSTAR Express begins.

The manual will guide you through 4 complete PCB Design processes, from schematic capture through to output for manufacturing. The manual also incorporates links to video files to illustrate the key features and ease-of-use of CADSTAR.

The manual is also available as a separate [download from our website](#).

След инсталиране на CadStar 2019 изберете и стартирайте Design Editor:

Изберете File-> Open и посочете изпратения Ви от ръководителя на упражнението файл
